

## Mondaine Sport I

New for the second half of 2010, Mondaine is pleased to introduce the timeless and iconic Mondaine Sport I, featuring two new dial variations.

This timepiece uses the Swiss Railway Clock design, famous the world over, and now the Sport I comes with two fantastic new dials, available in either black or white.

The first is a very modern dial using the famous SBB logo , repeated throughout the dial. (SBB is the abridged name of **S**chweizerische **B**undes**B**ahnen = Swiss Federal Railways). An evocative and contemporary logo, it makes for the perfect dial treatment for the Sport I classic.

A more traditional sunray pattern, with rays of graduating thicknesses emanating from the center of the watch dial, marks the second version. Subtle, yet distinctive, these new dials give the Sport I a fresh new look.

The Sport I comes in a stainless steel, matte brushed finish 41 mm case, with the date at three o'clock. The watch comes on a black leather strap with black stitching. The watches are accompanied by a two-year warranty and backed by the Mondaine International Service Network (MISO), available from September 2010.

International recommended retail price in USD 225.-

Mondaine represents affordable luxury. The Mondaine timepiece design is distinct, clean, easy to read and immediately identifiable thanks to its signature red seconds hand – all superb selling points for retailers and high-demand features for consumers. The timepieces are crafted of high quality materials and are Swiss made.

Mondaine Watch Ltd. is the creator of the Official Swiss Railways Watch collection, licensed by "Swiss Railways SBB" and launched over 20 years ago. Inspired by the Swiss Railways clocks, which have indicated the precise time at all Swiss train stations for more than 60 years, these Mondaine watches put this iconic clock on the wrist.
