

## Classic Meets trendy.

The Official Swiss Railways Watch from Mondaine is one of the most recognizable watch brands. Its uncomplicated watch face is perfect for checking the time quickly. Now, Mondaine unveils a square-shaped line in a much-demanded IP colored plating. The model is available either in matte brushed or high polished finish with a bright silver color or a warm-brownish sunray hue.

The watch is available in two sizes, 22 x 22 mm for ladies, or a generous 30x30 mm for men - all fitted with a trendy Milanese mesh bracelet with sliding clasp, easy to fit to any wrist size.

The watch is accompanied by a two-year guarantee, is Swiss-made, and backed by the Mondaine International Service Network (MISO). Available from professional, authorized watch dealers. Suggested retail price CHF 235.-
